

Finding Aid
The papers of former Vice President Mondale
Minnesota Historical Society
September 26, 2006

Topic: Welfare

Summary: *Growing up during the depression and raised in the liberal political tradition, Mr. Mondale always believed that government had an obligation to care for the less fortunate. He frequently argued for the federal government to do more and proposed a set of social advisors to provide Congress and the President with an assessment of the poor.*

See: for materials related to family, see the Family finding aid.
