CELEBRATING 30 YEARS

JUNE 8, 2022
HUNTINGTON BANK STADIUM

The Humphrey School's Center for the Study of Politics and Governance (CSPG) is pleased to be celebrating the 30th anniversary of its esteemed Policy Fellows program.

The Policy Fellows program has deep roots in Minnesota's civic community, built on core values of bipartisanship, inclusiveness, and seeking common good solutions to public challenges.

The program, founded by Vice President Mondale, along with Ambassador Geri Joseph, convenes yearly a cohort of 35 mid-career leaders who learn how to build capacity for working across difference in these challenging times. Former Congressmen Tim Penny and Vin Weber co-directed the program for 12 years. The program has been directed by Professor Larry Jacobs since 2006. Sara Benzkofer is Executive Director and Kate Cimino preceded her.

There are now more than 800 alumni of the program, from all across MN, from a variety of political perspectives, from all professional sectors (business, nonprofit, and government), and from diverse backgrounds, including our state's new immigrant communities.

The 30th anniversary celebration will be an opportunity to bring together alumni and friends of the program to strengthen their connections; to honor program funders; to recognize the program's impact in building strong civic culture in the state of Minnesota; to raise funds for program scholarships; and to look ahead to the program's bright future.

Join us this year and connect your organization to leaders who are working passionately in their communities to make the world a better place.
